【Driver: Nojiri】

I thank you so much. I could become a back-to-back champion! I am extremely happy.

I was pressed with my position, 16th place of the free practice yesterday. Therefore, I would like to praise myself for scoring pole position and race result, 2nd place. Of course, I could not accomplish such brilliant results without support from the team members including team staffs. Now I am calm enough to look back on the race and feel gratitude toward them. Their power is so awesome to me!

Congratulations on your becoming the champion, Sasahara. Though I tried everything including tire management after I was overtaken by him in the race, I could not catch up

with him at all. He was fast at any rate.

I would like to express my gratitude toward Honda, sponsors, JRP, and fans including team staffs who all supported me. Thank you so much.

I will try my best to win the race tomorrow. Please keep on supporting us.

【Driver: Sasahara】

To all it may concern, I won the race! Car condition in the race was so perfect that I wondered what the limit of my machine was! At the same time “Go on, Push! Push!” heard through the wireless motivated me to show my full-fledged performance from the start to finish in the race. I am also relieved to be able to contribute to the team for winning the teams’ title.

And Nojiri-san, Congratulations on your becoming a back-to-back champion! I was so happy to battle with and overtake you in this race. I am also so happy with the first TEAM MUGEN’s 1-2 finish.

I thank everyone all who supported me and fans as well so much. I will do my best to win again tomorrow, and possibly win the pole position. Please cheer me up!

#15 Sasahara grasped his second win of the season with the devastating speed at the 9th round. On the other hand, #1 Nojiri scored the pole position in the qualifying and finished the race in 2nd place. That means TEAM MUGEN could accomplish the most valuable result, 1-2 finish.

#1 Nojiri also became a back-to-back champion with the help of the result in this race. Which also contributed to TEAM MUGEN’s winning the teams’ title.

I cannot thank sponsors, companies, and fans that always support us enough. I am so honored to issue this race report to you all today.

We will do our best at the final round. Please continue to support us.
